## Summary

I am a dynamic and motivated Supply Chain Officer, committed to continuous growth and eager to capitalize on opportunities that come my way. My passion for entrepreneurship fuels my drive, and I relish engaging in spirited discussions about business and politics during rounds of golf with friends and mentors, spanning various handicaps and age groups. Whether I'm leading on the tennis court or contributing in library boardrooms, I bring a strong sense of leadership and teamwork. My future aspirations include one day pursuing a Master of Business Administration, to become an invaluable asset to any organization that believes in my potential.
